ABOUT OCRA

Ovarian Cancer Research Alliance (OCRA) is the leading organization in the world fighting ovarian cancer from all fronts, including in the lab and on Capitol Hill, while supporting women and their families.

As the largest non-government funder of ovarian cancer research, OCRA's ongoing investments in the most promising scientific research is funding discoveries, creating new treatments, and hastening desperately needed breakthroughs. OCRA is the voice for the ovarian cancer community, working with legislators to ensure federal ovarian cancer research and education, patient safety, and access to high-quality care are protected on Capitol Hill. OCRA's programs help women navigate their diagnosis and support patients and their families when and where they need it most. Visit ocrahope.org to learn more.
